

BRUMAC No Rinse Floor Cleaner/Disinfectant

1. Description

Brumac No Rinse Floor Cleaner/Disinfectant is an aqueous formulation of non-ionic surfactants, cationic surfactants, builders and sequestering agents. It has a small quantity of alcohol with water to help spreading and cleaning.

DO NOT mix with dishwashing liquid or any hand soap.

2. Dilution

Mix 50 mls Brumac No Rinse Floor Cleaner/Disinfectant with 10 litres water and mix thoroughly.

3. Application

Apply the above mixture with a mop or cloth. Ensure that the whole area is cleaned. If there is excessive cleaner on the surface mop up excess and allow the floor to dry.
